## WHAT IS CIB?

### UCLG's Capacity and Institution Building (CIB) Working Group

is a technical platform for professionals from Local Government Associations and individual local governments active in the field of capacity development and local government development cooperation.

## GOAL

### CIB aims to advance

the effectiveness and quality of international policies and programs of local and regional governments and their associations. Special focus is placed on advancing on SDG 5 (gender equality and women's empowerment).

CIB organises various online events, such as webinars, coordination calls and other knowledge exchange activities.
