Results

Provide members concrete tools for fortifying international connections and sharing experience with local authorities in LatAm and Europe.

Identify the potential for improving the linkage between local government organizations and networks in the region at the light of Habitat III in 2016.

Facilitate two-way learning, liaison and interaction spaces, both from Europe towards LatAm and vice-versa, addressing shared problems such as management of urban waste, mobility and fight against poverty.

Generation of bilateral, trilateral and network agreements in which the collaborative and horizontal component of cooperation is especially
